

Please contact us at 512.246.9301 or info@grapevinetrail for Word formatted version of this template for simple completion.

Helpful hint for copy and pasting word files to this template:

When selecting text from your current written material to be pasted into this template, be sure to open the file first. Then select the desired text you wish to copy (or cut). Then place your cursor at the appropriate area in this template and paste. Caution: Pasting an unopened document in its entirety, as a document, does not allow it to be read as text, but instead as a picture of text. It is therefore necessary to actually highlight specific text prior to cut and paste.
